

**Spokane Community College**

**2006 Enrollment, Retention, and  
Completion Study**

**Work In-Progress**

**Report of Preliminary Results**

**May 1, 2006**

# Overview

The purpose of this study is to explore enrollment, retention, and completion characteristics of students entering SCC, and, further, to attempt to identify cohorts of incoming students that might be having greater difficulty than others. It is hoped that such knowledge will enable SCC enrollment management efforts to be more directly focused and thereby yield more expedient results.

All analyses were performed using the Student and Completion tables of the SBCTC Data Warehouse files.

## Definitions

<b>New Student</b>	<p>A student who is attending SCC for the first time during a fall quarter between the years 1995 and 2004, inclusive. These students include incoming transfer students, first-time students (never attended this or any college), students who have effectively stopped-out for a period of 7 or more years, and lastly, running start students. For the purposes of this study, we have adopted the definition used by researchers at SBCTC.</p> <p><b><i>[Source = 2 (Transfer) OR 4 (New-First-Time) OR State-Start = 1 (First state enrollment of a former running start student) OR 2 (First state enrollment after a period of 7 or more years having no state or contract enrollments)].</i></b></p>
<b>First-Time, First-Year</b>	<p>A student who is attending college for the first time during a fall quarter between the years 1995 and 2004, inclusive. These students have never attended college prior to their enrollment at SCC. For the purposes of this study, we have adopted the definition used by researchers at SBCTC.</p> <p><b><i>[Source = 4 (New-First-Time) OR State-Start = 2 (First state enrollment after a period of 7 or more years having no state or contract enrollments)] AND [Prior-Education &lt; 14 (no education past high school)].</i></b></p>
<b>Degree-Seeker</b>	<p>This field is used for IPEDS reporting to indicate students who are actively seeking a degree. This indicator is derived from two other fields: Intent and Plan Attend, and there are two sets of conditions that must be met to classify a student as a degree-seeker.</p> <p>1) <b><i>[Intent = A (Liberal Arts Non-Transfer Degree) AND Plan-Attend = 15 (Long enough to complete a degree)] OR</i></b></p> <p>2) <b><i>[Intent = B (Liberal Arts Transfer Degree) or F (Vocational Prep) or G (Vocational Prep applicant)] AND [Plan-Attend = 13 (One year) or 14 (Up to 2 years) or 15 (Long enough to complete a degree)]</i></b></p>
<b>Non-Degree-Seeker</b>	<p>A student who does not meet the above tests for degree-seeker.</p>
<b>Professional Technical Degree-Seeker</b>	<p>A student who has declared that they intend to earn a degree or certificate in a professional technical program.</p> <p><b><i>[Intent = F (Vocational Prep) AND Degree-Seek = "YES"]</i></b></p>
<b>Liberal Arts Degree-Seeker</b>	<p>A student who has declared that they intend to earn a liberal arts degree, either terminal or for transfer to a four-year institution.</p> <p><b><i>[Intent = A (Liberal Arts Non-Transfer Degree) OR B (Liberal Arts Transfer Degree)] AND [Degree-Seek = "YES"]</i></b></p>
<b>Liberal Arts Transfer Degree-Seeker</b>	<p>A student who has declared that they intend to earn a liberal arts degree for transfer to a four-year institution.</p> <p><b><i>[Intent = B (Liberal Arts Transfer Degree) AND Degree-Seek = "YES"]</i></b></p>
<b>Liberal Arts Terminal Degree-Seeker</b>	<p>A student who has declared that they intend to earn a terminal liberal arts degree and will <b>not</b> be transferring to a four-year institution.</p> <p><b><i>[Intent = A (Liberal Arts Non-Transfer Degree) AND Degree-Seek = "YES"]</i></b></p>
<b>Racial / Ethnic Groups</b>	<p>Prior to summer 2003, the Data Warehouse used a field titled Eth_Orig, after that time, a field titled Race_Code was implemented in order to accommodate more categories. For the purpose of this analysis, some of the expanded categories in Race_Code were collapsed to the earlier classifications.</p> <p>[Alaskan Native, and Hawaiian were counted as <b>American Indian</b>], [Pacific Islander was counted as <b>Asian</b>].</p>

**Correspondence between Intent code and Degree-Seek**

It is often assumed that Intent codes A, B, and F provide, by definition, a fair indication that the student intends to earn a degree. However, when Intent code is paired with the Plan\_Attend (which are both used to derive the Degree-Seek field) a different picture emerges. Both the Intent and the Plan\_Attend codes are self-reported by the students during registration, so there is substantial potential for inconsistent responses between the two data elements. This is why, for the purposes of IPEDS reporting, only those cases showing a consistent response are reported as true degree-seekers.

To explore this relationship in our data, we looked at the New Students entering SCC during the fall quarters 2002, 2003, and 2004, and compared their Intent Codes with the Degree-Seek codes:

INTENT CODE	Degree-Seek	
	No	Yes
<b>A - Liberal Arts Non-Transfer Degree</b>	50.4%	49.6%
<b>B - Liberal Arts Transfer Degree</b>	27.8%	72.2%
<b>F - Professional-Technical Degree</b>	30.7%	69.3%
<b>Overall</b>	<b>36.2%</b>	<b>63.8%</b>

It is clear by these data that one cannot safely assume degree-seeking status on the basis of Intent code alone, nor do we know how accurately the Degree-Seek code indicates the students' true intentions. These issues require further study.

# SUMMARY OF FINDINGS

Summary Data Represents Trends and Averages Over the Most Recent 3-Year Periods

New students (First-Year, First-Time, and Transfer) entering during fall quarters				Racial / Ethnic Groups					Student Intent					First-Time, First-Year
	All Students	All Degree-Seekers	All Non-Degree-Seekers	White	Hispanic	Asian	African American	Native American	Professional Technical Degree-Seekers	All Liberal Arts Degree-Seekers	Liberal Arts Transfer Degree-Seekers	Liberal Arts Terminal Degree-Seekers	Intent NOT A, B, F, G	
Group ID	1	2	3	4	5	6	7	8	9	10	11	12	13	14
ENROLLMENT TREND OF COHORT	↔	↘	↗	↘	↗	↗	↗	↘	↘	↗	↘	↗	↗	↗

### ATTRITION

Cumulative percentage of student cohort who drop-out or stop-out:

During their first quarter	34%	21%	47%	32%	36%	40%	43%	38%	16%	25%	25%	59%	69%	34%
By the end of their second quarter	46%	31%	62%	44%	50%	47%	55%	55%	24%	35%	34%	74%	88%	48%
By the end of their first year	57%	46%	70%	56%	54%	51%	69%	63%	34%	53%	51%	76%	84%	58%
By the end of their second year	67%	57%	78%	65%	61%	57%	83%	72%	46%	64%	64%	84%	90%	68%
By the end of their third year	72%	62%	81%	70%	75%	64%	81%	83%	52%	69%	70%	88%	93%	73%
By the end of their fifth year	77%	62%	88%	74%	77%	72%	88%	85%	52%	71%	70%	91%	96%	79%

### COMPLETION / GRADUATION

Cumulative percentage of student cohort who earn a certificate or degree:

By the end of their first year	3%	5%	2%	4%	2%	5%	2%	3%	9%	3%	3%	2%	0%	2%
By the end of their second year	14%	20%	8%	15%	13%	16%	2%	10%	34%	12%	13%	3%	1%	12%
By the end of their third year	19%	28%	11%	21%	19%	25%	9%	11%	41%	19%	20%	6%	1%	17%
By the end of their fifth year	20%	34%	10%	22%	20%	22%	11%	11%	45%	25%	25%	7%	2%	17%

### OBSERVATIONS:

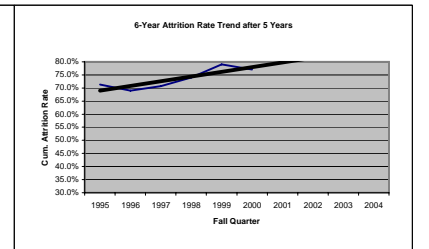

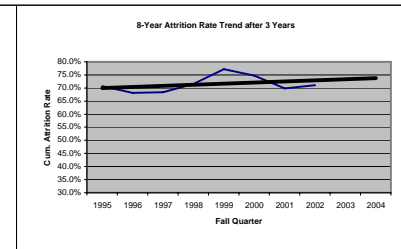

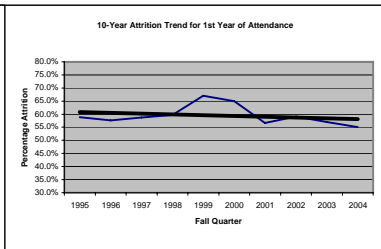

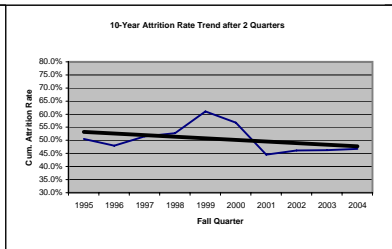

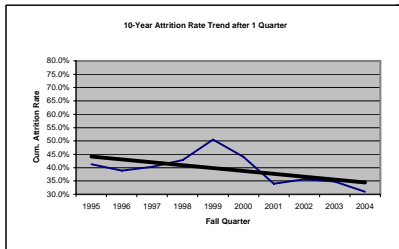

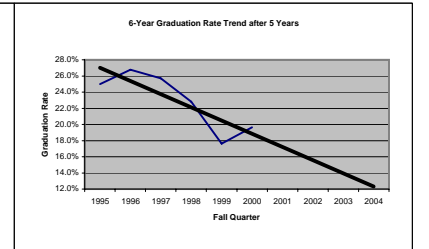

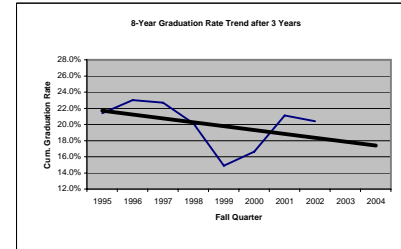

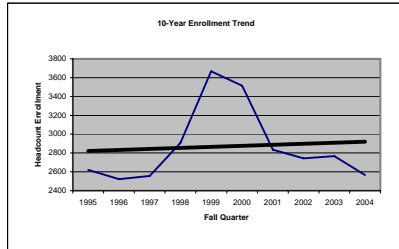

- It has been known that Liberal Arts enrollments [Group 10] at SCC have been on the increase for many years. However, the data in this study show that this trend is largely due to increasing enrollments of Liberal Arts **Terminal** Degree-Seekers [Group 12] which is so strong that it has hidden the fact that enrollments of Liberal Arts **Transfer** Degree-Seekers [Group 11] have been **declining**--on the order of 30% since 1999. (See detail sheets for more information).
- While the enrollments of new students seeking Liberal Arts Terminal AA degrees [Group 12] has increased by more than 100% since 1999 (see detail page), as a group these students have extremely high attrition rates (approximately 1/2 are lost during the 1st quarter, and 3/4 by the end of the first year) and very low graduation rates (less than 10% after 5 years). On a more positive note, the attrition rates of this group have been declining over the last few years: 1st quarter attrition is down from 68% in 2002 to 49% in 2004, and 1-year attrition is down from 84% in 2002 to 68% in 2004. Stated in terms of retention, 1st quarter retention has increased from 32% in 2002 to 51% in 2004, and 1-year retention has increased from 16% to 29%.
- The worst-performing group represents those students entering SCC with an Intent code other than A, B, F, or G [Group 13]. This group includes student taking developmental education courses, seeking vocational apprenticeships, upgrading job skills, vocational home and family life program, and undecided students. Nearly 70% of these students drop out in their first quarter.
- All Non-Degree-Seekers [Group 3] (approximately half of these students are comprised of Group 13 students, the other half are students with Intent codes of A, B, or F but with Degree-Seek = No) perform about as poorly as the Liberal Arts Terminal Degree-Seekers [Group 12]. And, similar to the Liberal Arts Terminal Degree-Seekers, the attrition rate of this group has also been decreasing over the last few years, and the retention rate, increasing (see detail sheets).
- Enrollments of new Native American students [Group 8] have been declining, dropping by nearly 50% from 2000 to 2004. Enrollments of African American students [Group 7], while showing flat the last three years, have also been declining over the long-term, dropping around 30% since 2000. Both of these groups exhibit attrition and completion rates at similar levels to the All Non-Degree-Seekers group [3].
- The best-performing group is Professional-Technical Degree-Seekers [Group 9]. Even though they represent the best performers, only 45% are earning degrees and certificates even after five years in the program. To make matters worse for the college, the enrollments of this group have been steadily declining--down 38% since 1996.
