Krishen Talarico, Associated Student Council Director of Legislation

Hello everyone. This week I went to the SASQUAD comic book club meeting, did a boot camp with the Fit Club, started some research on security around campus for the Legislative Conference in a couple weeks,

attended the STFC meeting, helped set up the Family Fun Night activity for the Fit Club, bought a breast cancer awareness shirt from the X-ray Vision club, and had a brainstorming session for legislative events I would like to do this year.

Lindsay Murphy, Associated Student Council Director of Emergency Services

Monday, Oct 12th, I attended a Student Technology Fee Meeting. The food bank served 11 students and their families by distributing 357 pounds of food this week. I have been approached by the computer club who wants to sponsor a food drive to benefit the food bank. I have provided bins for the computer clubs food drive and offered my assistance. We are also planning a Thanksgiving food drive with Native American Student Organization and challenging other clubs to compete with them in raising the most food. With Thanksgiving around the corner, we have been working on finding grocers to sponsor our event by providing donations of food items to put in our baskets. Also in preparation for the food bank sponsored fall harvest party, I have been concentrating on advertising to get the word out to ensure a good turnout. I have hung 30 posters around campus, sent out a campus wide e-mail, put a power point on the TVs located in the Lair and inquired with Sandra Journey about posting information regarding the event on the LED boards around campus. Friday, I made a trip to the craft store where I purchased art and craft supplies for the event.

Jason Fierst, A.S.C. Senator of Athletics, Student & Instructional Services

Hi, I am Jason Fierst the Senator for Athletics, LRC and Student Services. This week I have been busy working with Dr. McKenzie and my several of my fellow ASG staffers on a task force to address smoking concerns on campus. I attended the SANE and AIAS meetings this week and talked with them about family fun night. I attended the STFC meeting and did research on a few projects. I also worked on finalizing the details on the sustainability lecture that I am bringing here on Oct 21st in the Lair Auditorium. Other than that I am prepping for leading my first STF meeting on Thursday.

, A.S.C. Senator of Arts & Sciences

Position is vacant at the present time.

Charlotte Cochran-Anderson, A.S.C. Senator of Business, Hospitality & Information Technologies

This past week has been a week full of meetings for me. Thursday I attended the Computer Club meeting and the Sasquad Comic Book Club meeting. Friday I attended the Skills USA meeting. Monday was the STFC Meeting. Wednesday, today, I attended the NALS meeting and DEC meeting.

Mike Morris, A.S.C. Senator of Health & Environmental Science

During the week of October 8 to October 14, I continued to research the parking conditions on the SCC campus. I also did a walkthrough of Building 27, the Math and Science building, in order to familiarize myself with the place. I attended the Student Tech Fee Committee Meeting on Monday, which I think went well. On Tuesday I participated in the Classroom Furniture Extravaganza Survey as well as The Ethnicity Imaging Project. Today I ordered a "Save Second Base" Baseball Shirt from the X-Ray Vision Club to help support breast cancer research. Last but not least, I have started work on a "Winter Ware for Students" Project which I should have ready to propose to this Council by our next meeting on October 21st.

Brian Aiken, A.S.C. Senator of Technical Education

This week I attended the Car Care Fair outside the automotive building. I also attended the Tech Fee Committee meeting and learned a lot about what our objectives are. I frequently checked my email and voice mail and turned in my financial paperwork. I also went to the Car Club meeting and scheduled my department tour with Mike Mires.

Alison Pau, Advisor, Associated Student Government

Hi, my name is Alison Pau and I am the advisor of the Associated Student Council. I would like to remind all clubs and orgs to sign-up now, with me, if you'd like to sponsor a booth or table with an activity for our

Halloween Family Fun night on Thursday, October 29th. Also, please take some time to try out all the furniture in the east wing of the Lair and give your input on your preferences. We are really wanting lots of student input regarding future classroom furniture purchase.
