Officer Reports

3:13 p.m. – Michael Watson

Michael Watson, Associated Student Council President

I went to the Dance. I attended the district meeting. I went to the Basketball games Wednesday and Saturday night, had pizza at the game. Nothing else to report at this time

Matthew Kaczmar, Associated Student Council Vice-President

Report was not submitted.

Brenda Crosby, Student Activities Council Chairperson

Report was not submitted.

Jorge H. Guerrero, Associated Student Council Director of Administrative Services

Greetings! This week I worked on the minute report for SAC and ASC meetings; I updated the club attendance sheet. I attended meetings for Rho Beta Psi, Latin American Student Organization, Black Student Union, Multicultural Leadership Institute and Native American Student Organization.

Vacant, Associated Student Council, Director of Student and Club Affairs

Report not submitted.

Jason Fierst, Associated Student Council Director of Legislation

Hi, I am Jason Fierst and I am the Director of Legislative Issues. This week I have been continuing my work on the plans for Civics week, preparing for my Smoking Advisory Task Force and Legislative Committee meetings that I chair and working on preparing a constitution for a new legislative action based club. That is all for this week.

Lindsay Murphy, Associated Student Council Director of Emergency Services

This past week I've been in contact with three separate groups in Linda Seppa-Salisbury's Small Group Communication class regarding their Service Learning Projects. The food bank will be assisting these groups in collection of food, animal staples and child necessities. The food bank work studies and I have been discussing plans for a fund raising event. Additionally I have been creating job assignments for the work studies such as data input and organization within the food bank. I am pleased with the new system we have devised for recording food bank usage information. We have worked out all the problems and have come up with an efficient and reliable workbook in Excel. Friday the 12th I spent most of the afternoon shopping and restocking the food bank shelves and the second part of it decorating for the Diversity Dance that was sponsored by the Student Activities Council.

Terri Hatten, A.S.C. Senator of Athletics, Student & Instructional Services

This week I was in contact with all my clubs that I represent as a Senator. Those clubs are the Fit Club, The CPR Club, the SCC Gaming Club, The Ski and Snow Board Club, the Swim Club. The Shut up and Sign Club, Global, and LDDSA Club. I had great reports from all my clubs, and I'm proud of them all, they are doing well. I also attended several club meetings for the clubs that I officially belong to. I had a meeting with Bob Nelson and the results of that meeting are, "WE ARE ALL FAMOUS" I had the Student Gov and Activities put on the front of our Main SCC Web site, and 2nd of all, the ASG Promotional video is on the Site as well!!! I met with Matt and also arranged a meeting with Bob and the Web Crew to redesign our web site for Student government! I attended our first Open up and Chillax meeting. I met with Tasha, Sinay, Don and the movie for Diversity Week for ASL. I set up and showed the movie Thru Deaf eyes. I went to the Drag Show Today! I had a short meeting with Ali, and short one with Matt and Brenda as well. I trained Malek, made posters for BB and a PP. I attended the Student Tech Fee Meeting, and also made contact with people from the Media Departments to discuss the equipment that they want us to purchase. I attended the Smoking Task force meeting and went around campus to see how many butts we can find around campus, and looked at where the butt huts should be placed around campus.

Levi Hanson, A.S.C. Senator of Arts & Sciences

Hello, my name is Levi Hanson and I'm your Senator for Arts and Sciences. This week flew by and was chock full of worthwhile activities; I want to thank Don and the rest of the Student Activities Council for a successful Diversity Week. As part of Diversity Week I participated in the Diversity Dance on Friday which while not particularly well attended was fun for those who were there. On Monday, I had the privilege of attending a rally

in Olympia along with Matt, our student body vice president where we protested budget cuts that would eliminate state funded financial aid, cut over two million dollars from the SCC budget and negatively affect our students when it comes to healthcare and daycare. We were there along with thousands of other concerned parents, students, educators, healthcare workers, environmentalists and college students from around the state. I also contacted the advisors for two clubs, PTK and BSU, that were recently assigned to me. FYI, SANE (the Environmental Club) is hosting a nuclear watchdog group tonight from 7-8:30 in the Lair Auditorium during which they will be talking about their opposition to a plan to ship nuclear waste through Spokane to Hanford; everyone is welcome to attend. Next week on February 24th at 10:30 AM SANE will be showing Taking Root, a fascinating film about a revolution started with the simple act of planing a tree. Free popcorn and soda for those who attend! Thank you and enjoy the rest of your week.

Cindy Jayne, A.S.C. Senator of Business, Hospitality & Information Technologies
Report not submitted.

Mike Morris, A.S.C. Senator of Health & Environmental Science

Hello! My name is Mike Morris, your Senator of Health and Environmental Sciences. Since last Wednesday I have attended two Student Tech Fee Committee meetings, the last of which we voted on the final proposal for the contingency round and passed it. To make a long story short SCC will soon be ordering a bunch of new equipment that will improve the quality of the student's education on campus. Also, on last Thursday I received an email from Brian Green announcing the results of The P.A.S. Competitions that 11 members of the Ag/Hort program attended on January 28-29 in Walla Walla. According to the Email, SCC won 12 1st places, 8 2nd places, 6 3rd places, and 4 4th places with one of them being a tie between 2 SCC students! I know many of you may already have heard about this, but I wanted to stress to you just how incredible our Ag/Hort students really are! Let's give them a round of applause! Continuing on, I also stopped by the Cosmetology department's fund raiser yesterday in the Lair and got my hair cut. I think they did a spectacular job. Thank you very much!

Ray Allen, A.S.C. Senator of Technical Education

On Friday the 5th, I toured building 19 the heavy diesel and automotive building, as well as part of building 1, with the help of faculty rep John Norman I feel like I have a better understanding of the Technical side of SCC. I got to meet with Jeff Rogers, Jeff Chi and Bill Rustemyer whom are instructors in the Automotive program; they helped me gain a better understanding of their need for equipment and proposals from their divisions. Monday February the 8th, I attended the Students and Parents Together club meeting, and was graced with the opportunity to meet Dr. Suzanne Bassett. The event that was held at Chuck Cheese was a huge success. Additionally, I was able to find out further information about their club and helped them come up with ideas for fundraisers. Tuesday the 9th I attended the N.A.S.O meeting.

Alison Pau, Advisor, Associated Student Government

Hi my name is Alison Pau and I am the advisor of the Associated Student Council. I wanted to remind people of the information on the SCC website about their club. Please refer to www.scc.spokane.edu/?stactgov. From that page you'll see a bunch of different links, including one for Clubs and Organizations. It is on this site that you'll find information about your club. If you need to update this information, or add your club please email me at apau@scc.spokane.edu with the information or changes. Additionally, if you click the link for club advisors you'll find most of the forms you need for travel, fundraisers and purchasing. Thanks!
